

# Lake Emily

## Florence County

**#1** Cast chartreuse spinnerbaits or a soft plastic jerkbait tight to the shoreline and over fresh weeds for largemouth and northern pike. Prime bluegill spawning area.

**#2** Another good area for pike, largemouth bass and bluegill.

**#3** Fish the shoreline for early season bluegill and largemouth. Fish the weedline in summer and fall.

**#4** Fish the gravel shoreline for spring walleye with a jig and minnow.

**Lake Emily**  
**200 acres max depth 43'**  
**Vegetation:** cabbage, milfoil  
**Bottom:** sand, gravel, muck  
**Water:** moderately clear  
**Fishery:** largemouth bass, northern pike,  
Walleye, bluegill, crappie, perch.
